Ms Kim Rudd
Parliamentary Secretary to the Minister of Natural Resources
Government of Canada
Ottawa, Ontario
e-mail : kim.rudd@parl.gc.ca

Dear Kim:

On behalf of China Trade Mission delegation, I would like to thank you for your personal support as well as the support of the Government of Canada in helping to make our nuclear trade mission to China so successful. Your participation on our trade mission demonstrated a coordinated Canadian government-industry commitment to collaborate with state-owned Chinese nuclear enterprises and government agencies on nuclear projects in China and third countries such as Argentina and Romania.

Kim, your endorsement of CANDU technology and the Canadian nuclear supply chain was evident in all of your prepared and informal remarks. Our industry is grateful for this support. We plan to build on the momentum from this trade mission as our industry expand its efforts in China and other major export markets leading to high value and sustainable jobs in Canada.

Our delegation was especially proud when you delivered Congratulatory Remarks in the Opening Ceremony of the Pacific Basin Nuclear Conference – the only offshore government leader to have this privilege. I personally appreciated your citation of my organization in your address. Delegates also welcomed the opportunity to speak to you during the trade mission about their companies and their unique products and services that help make Canada a global nuclear industry leader.

Kim, we value your leadership and commitment to the nuclear file. We look forward to continued support from you and Minister Carr as we work together in expanding the role of the Canadian nuclear industry in combatting climate change both domestically and the internationally.

Yours sincerely,

Ron Oberth
President and CEO

cc Minister James Carr
OCI Board of Directors
China Trade Mission Delegates
