

## Michael Krause

Dear OCNI Members, I hope this message finds you well. I am writing to express my strong interest in serving as a member of the Board of Directors for the Organization of Canadian Nuclear Industries (OCNI). With a deep commitment to advancing the nuclear industry in Canada, I believe my skills and experiences align well with the goals of the OCNI. As a passionate advocate for innovation and safety in nuclear technology, I aim to contribute to strategic initiatives that promote sustainable growth, enhance regulatory frameworks, and foster collaboration among stakeholders. My 25+ year background in the Nuclear Industry across Canada and Internationally has equipped me with a comprehensive understanding of the industry's challenges and opportunities. I am dedicated to driving positive change that not only benefits our members but also strengthens public trust in nuclear energy. On the Board, I will strive to accomplish the following: (1) Promote Industry Innovation: Advocate for research and development initiatives that position our industry at the forefront of technological advancement. (2) Enhance Collaboration: Facilitate partnerships among members, government, and educational institutions to create a unified approach to industry challenges. (3) Strengthen Advocacy: Work to enhance OCNI's voice in policy discussions, ensuring that our interests are well-represented in governmental and regulatory affairs. (4) Foster Sustainability: Champion initiatives that prioritize environmental stewardship and safety, positioning the nuclear sector as a leader in sustainable energy solutions. I believe my strategic vision and commitment to collaboration will serve to strengthen the Board and support OCNI's mission. Together, we can build a resilient and innovative future for the nuclear industry in Canada. Thank you for considering my candidacy. I look forward to the opportunity to contribute to the OCNI and work alongside all of you to advance our shared goals. Warm Regards - Michael Krause

Since January 2024, Michael Krause is the Client Account Lead for the Canadian Nuclear Portfolio at Accenture. Prior to integration into Accenture's business, he was the Vice President Business Development, Nuclear at Eclipse Automation Inc. (part of Accenture) since September 2022. Prior to joining Eclipse, Michael was a Principal, Professional Services for Goldbear Capital and was responsible for management of all aspects of sell-side and buy-side deal life cycles from origination to closing and onto strategies for post-closing integration plans. Previously to his work at Goldbear Capital, Michael was Vice President Operations, Canada for Jensen Hughes, where he was recruited by a \$300M engineering and consulting services provider to restructure the Canadian organization with six sites across Canada, and to position the operations for a liquidity event. Prior to JH, Michael was the Senior Director, CANDU 6 Services at Candu Energy where he led global business development efforts for the CANDU 6 fleet of nuclear reactors servicing his customers' by assisting them with Engineering Services, Field Services, and Spare Parts procurement and delivery.
